REBATE DETAILS
Xcel Energy issues cash rebates in the form of checks, not utility bill credits. Xcel Energy is not responsible if your contractor provided inaccurate information about the amount and/or conditions of the actual rebate or equipment eligibility.

APPLICATION DETAILS
Qualifying equipment must be purchased and installed between January 1, 2012 and December 31, 2012. Account holder applications must be POSTMARKED by July 31, 2013.

No phone calls will be accepted to provide equipment verification.

A copy of the dated sales receipt or invoice must accompany complete information on the front of this form. The product invoice must specify all required information. Failure to complete this information will result in a returned application.

All information on the receipt or invoice must match the information on the rebate application or the application will not be processed.

We reserve the right to conduct random inspections to verify installation of the rebated equipment at the address indicated on the front of this form. If we select your application for a random inspection, the rebate application will not be processed until the inspection has been satisfactorily completed. Inspections may also be performed after rebate payment at Xcel Energy's discretion.

LIMITATIONS
Rebate qualifications and amounts are subject to change any time. Our rebate programs may be cancelled with 30 days notice.

Please visit us at xcelenergy.com/homerebates or call 1-800-895-4999 to determine whether any program changes have occurred.

SPECIAL PROMOTIONS
During special promotions for this program, it is the account holder/contractor's responsibility to ensure all paperwork is postmarked by the deadline. Xcel Energy will not pay special promotion incentive dollars in the event that a form is lost or not postmarked by the deadline. No exceptions. Promotional rebate amounts will be automatically calculated by Xcel Energy. Promotion deadlines close at midnight on the date the application is due, with no exceptions.

HELP WITH FORMS
If you have questions while filling out this form, please contact your contractor or retailer for assistance. Please allow at least six weeks for your rebate to arrive.

QUALIFYING ACCOUNT HOLDERS
This program is available to Xcel Energy residential natural gas account holders whose primary heat source in the home is natural gas, and available to Xcel Energy residential electric account holders whose primary heat source is electricity. **Rebate applies to attic and bypass sealing, wall insulation and air-sealing and weather-stripping only.** Program excludes new residential construction, new residential additions, insulation of doors, garages, sheds, workshops, basements, mobile homes and properties with more than four units.

Account holders requesting rebates must contract for insulation services with fully licensed insulation contractors.

Participants understand they are not eligible to receive a rebate for this improvement earned under a different Xcel Energy Rebate program.

This program will provide a rebate equal to 20 percent of the insulation and installation up to a maximum rebate of $300 per account holder per natural gas meter or electric meter.

To qualify for a rebate, all insulation must be installed to the manufacturer's specifications and meet all state and local codes and federal regulations. Xcel Energy reserves the right to inspect installations before issuing a rebate.

Qualifying installations include:

- Attic insulation and bypass sealing
  - must have a pre R-value of 20 or less and
  - must have a post R-value of 44 or greater
  - if existing is R-21 or greater, must add at least R-25 of additional insulation
- Wall insulation
  - must have empty wall cavity
  - must have post R-value of 12 or more
- Air sealing and weather stripping

Please include the items listed below on your application form and purchase receipt. If all of the items are not included the application will be returned.
